<p>IV. IIS Objectives, Methods and Procedures</p> <p>Approach to Intelligence Target</p> <p>206. Simon WEISENTHAL, an IIS agent in Linz, was probably hired during a trip to Israel in 1949. It was allegedly just after his return to Linz that he began collecting info on Arab State activities. Until 1951 he used as one of his sources a Polish refugee, Jan CAJEWSKI, who obtained the material from an unwitting sub-source in the Austrian Police, Inspector Wilhelm DISTRICH in Bregenz.</p> <p>COVER DISPATCH: At one time there was info on the Israeli Intel Service as reported through the [] JIC [] and [] operations, and supplemented by info from [] J, C [] and CIC. As explained in the introduction to the summary, this material does not represent a detailed or even a balanced picture of IIS activities in Europe, but includes whatever has been reported locally about the IIS in general strongly slanted toward Austria.</p>
